

Study camp in Shiga-Kougen

1 On the first day, we went to Shiga-Kougen by bus.

In the bus, we talked about many scary stories.

Those were very scary, so I couldn't sleep very much.

2 Second day, we climbed the mountain with my classmates.

At that time, it was raining heavily.

That night, a classmate of mine saw spirits in our hotel. I was very scared again.

3 On the third day, we went to the river, and I caught two fish. It was my first time! Then we made curry rice outside. At the campfire, we sang many songs, and played a game. I had great fun with my friends.

4 On the last day, we left Shiga-Kougen.

They were really nice days. I learned about nature, and everything was a wonderful memory.

I want to go there one more time.
